## WCRE'S COMMUNITY COMMITMENT

Southern New Jersey and the Philadelphia region mean so much more to Wolf Commercial Real Estate (WCRE) than a place to do business. It's our home and our community. Our roots are here, and we are passionately committed to the health, well-being, and success of the people here. That is why WCRE encourages our staff to volunteer and support charitable causes. Currently we support the Alzheimer's Association Delaware Valley, CARES Institute at Rowan University, the American Cancer Society, Susan G. Komen Foundation of Philadelphia, Samaritan Healthcare & Hospice, the Jewish Federation of Southern New Jersey and the Flyers Alumni Association.

The CARES Institute provides an array of medical and mental health services to children in Southern New Jersey who have experienced abuse, neglect, and violence. The institute supports the overall health and well-being of children and families. The pediatricians, psychologists, psychiatrists, and social workers at the CARES Institute also provide training and education to medical, mental health, child protection and law enforcement professionals.

The Jewish Federation of Southern New Jersey encompasses Camden, Burlington, and Gloucester Counties, and is the third largest Federation in the state of New Jersey. It serves a Jewish population of approximately 50,000 through a network of local, national and international agencies, and provides or supports a wide range of social services to people of all backgrounds. These services include housing, food assistance, counseling, and support for senior citizens and those with disabilities. The Federation is also a leader in Jewish culture and education.

The Alzheimer's Association Delaware Valley Chapter offers free programs and services for anyone touched by this disease living in our 18-county territory in Southeastern Pennsylvania, South Jersey and Delaware. The Alzheimer's Association's mission is to eliminate Alzheimer's disease through the advancement of research; to provide and enhance care and support for all affected; and to reduce the risk of dementia through the promotion of brain health.

For nearly 100 years the American Cancer Society has been saving lives and easing suffering caused by cancer. ACS funds research into treatment, prevention, and early detection, and provides a range of social services to patients and their families.

Nationwide, Komen will drastically reduce the current number of breast cancer deaths by 50% by 2026. Here at home, Komen Philadelphia focuses on reducing the number of late-stage breast cancer diagnoses in our community while continuing to provide the education, resources, access to services, survivor support and research funding that have grown the size of the local survivor family over the past 25 years.

The Susan G. Komen foundation of Philadelphia serves 15 counties in the tri-state area, including: Adams, Berks, Bucks, Chester, Delaware, Lancaster, Lebanon, Lehigh, Montgomery, Philadelphia, and York Counties (Pennsylvania), Camden County (New Jersey) and Kent, New Castle, and Sussex Counties (Delaware).

Since 1980, Samaritan Healthcare & Hospice has been providing comfort, support, and dignity to people in Atlantic, Burlington, Camden, Gloucester, and Mercer counties who are coping with the pain, symptoms, and stress of serious illness and/or grief.

The Flyers Alumni Association brings together Flyers players from every era of Flyers Hockey, uniting for the common goal of giving back to the Delaware Valley Community. In February 2016, the Flyers Alumni announced its biggest initiative to date. The Flyers Alumni announced that they would honor Mr. Snider by building a new ice rink. Together working with Snider Youth Hockey, the Alumni pledged to raise \$2 million dollars towards the construction and completion of the Edward M. Snider Ice Rink. There is no better way for us to say "Thank You" to the man that did so much for so many.

Weren't there last year?  
This is what you missed...
