# INVESTMENT HIGHLIGHTS

## **New Jersey Industrial Market**

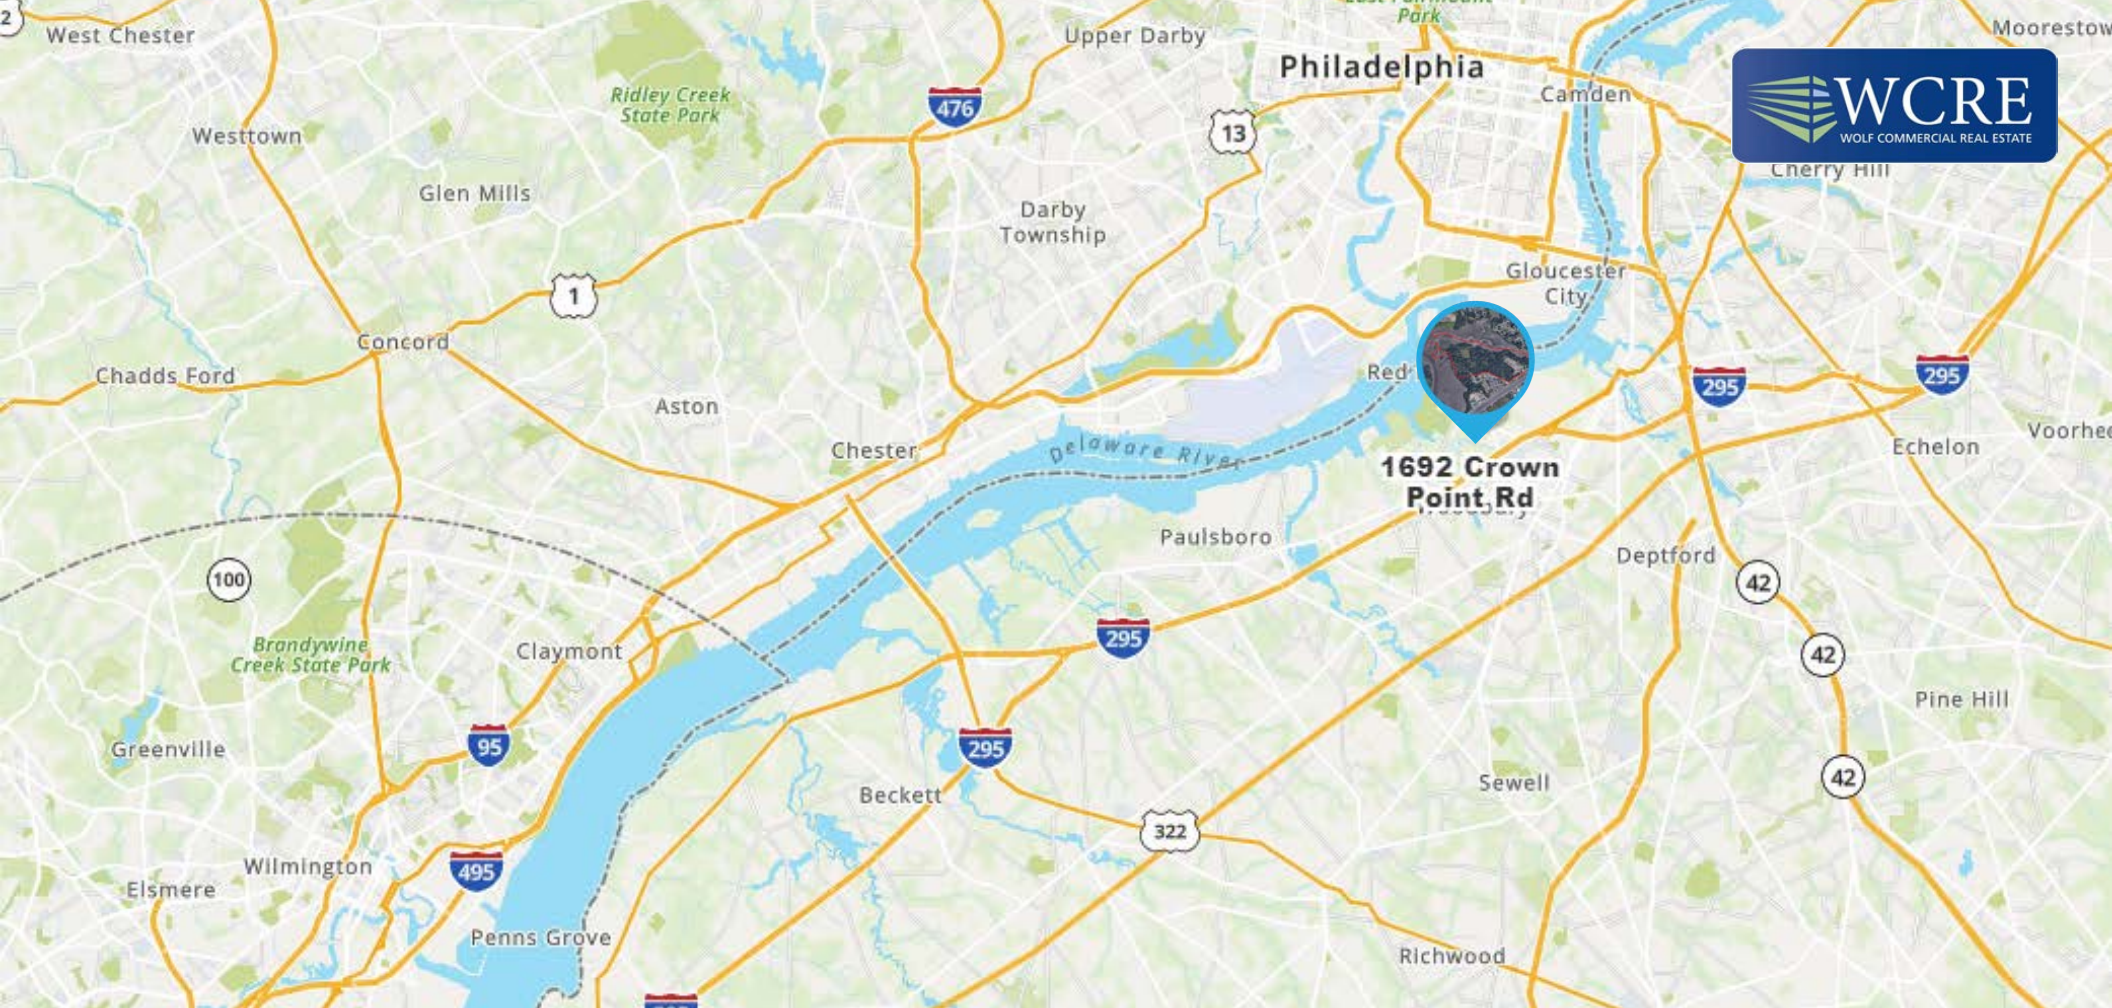

The NJ Industrial sector is the 4th largest in the U.S. New Jersey has outperformed the rest of the country with a vacancy rate below 2%.

## **CORE IN-FILL LOCATION**

With immediate access to Interstate 295, this offers an opportunity to develop a Class 'A' facility in a core, in-fill location. The Gloucester County sub-market continues to show signs of strength and growth with high rental growth year-over-year.

## **Leasing Velocity**

With development sites in New Jersey become more scarce, the demand for industrial space in Northern and Central Jersey continues to push further South. At the start of 2021, Southern NJ industrial markets have seen an unparalleled leasing velocity.

**1692 Crown Point Rd**
